Such companies include, for example, Show My Home Work (SMHW), Universities and Colleges Admissions Service (UCAS), Education Development Trust (EDT), and the various Exam Boards in the UK. Please note that the college may share details of parents and students to other organisations for the purpose of day to day operations of the college activities e.g. field trips, educational workshops, work experiences and work shadowing of students. The list is not an exhaustive list of all data processors used by the college.

This information is processed on your behalf to enable us to support your needs more effectively.

We will not give information about you to anyone outside the college without your consent unless the law and our rules permit it.

We are required by law to pass some of your information to the Local Authority (LA), and the Department for Education (DfE). This is to meet the needs of the college sample.

### Agreement between students and their parents/guardians. (Please read this section carefully before signing)

Many students receive 'sponsorship' in the form of funding towards their studies from government agencies, research councils or private corporations. Parents may also be considered to be 'sponsors' but, whereas disclosures can legitimately be made to an accredited organisation, they cannot be made to parents without the student's consent.

This specifically means no detailed performance information would be shared with parents without obtaining written consent from students aged 18 years and above unless the parents are funding the education partially or fully and the student knows about it and understands that his/her academic progress, results, and attainment data are subject to be shared with his/her parents. *Detailed performance information in this context would mean subject assessments/test scripts, unit and component percentage break downs including any in-depth teacher commentary/feedback about improvement areas in subject curriculum.*

It has been agreed that, to comply with data protection law, the College can only legitimately disclose student data to a sponsor who meets the criterion as "someone who has a contractual agreement with the student to pay part, or all, of their tuition fees". Disclosure to any other 'sponsor' not fitting this definition can only be made with the student's consent unless an organisation can provide evidence of "legitimate interest" in terms of the GDPR.

Declaration to be signed by the student (above 18 years of age):

I ..... agree to the above clause and provide my consent to share my detailed performance information with my parent(s)..... These would include subject assessments/test scripts, unit and component percentage break downs including any in-depth teacher commentary/feedback about improvement areas in subject curriculum.
